

COMPANY PROFILE

FineTek Co., Ltd. was founded in 1979 and is currently the largest sensor manufacturer in Taiwan; from “Bulk solid storage control”, “Temperature monitoring and control in manufacturing process”, “Pressure monitoring in pipes and equipments”, “Liquid flow and flow volume control” to “Electrical quality monitoring and improvement”. These forms a complete product series that provides user-friendly automation solutions for our customers.

Our accumulation of 20 years control and application experience has allowed us to bring to you the best sensor. Applicable in level, temperature, pressure, flow, electrical and other related areas, we are your preferred partner in instrumentation. Our current customer base comes from a multitude of industries; Pharmaceutical, Petrochemical, Oil and Gas, Steel, Cement, Food and Beverages, Power, Marine, Feed, Pulp and Paper and various other industries. We are also the OEM and ODM manufacturer for various big corporations both in Taiwan and overseas.

Our team consists of personnel with specialization in different fields such as communications, software, hardware, digital, analog, layout, mechanical, dynamics and fluid engineering. Through R & D, we have procured testing equipment in line with requirements for CE and UL certifications so as to ensure that FineTek provides instruments of the highest quality. FineTek have completed numerous OEM and ODM requirements such as: Flow indication and control output, Fluid control and monitoring, temperature sensor and control indication, customized counters, length positioning monitoring, industrial customized programming, consumer product programming, pressure control, speed monitoring, Oil tank monitoring and various other application products.

We strive to constantly develop, to be of assistance to mankind. Adapt to the constant change in our environment and to provide the best solutions. Avoid inefficiency in production process, and to avoid harm to man and pollution. In so doing to supply the best monitoring components to achieve our goal of “EVERYTHING IS FINE”!

| Phase | History |
|-------|---|
| 2010 | Rewarded 2010 The 20 th National Quality Award |
| 2009 | Marine Certified by BV, GL, DNV, LR & ABS for 5 series of our products |
| 2008 | Rewarded 2008 The 17 th National Award of Outstanding SMEs |
| 2008 | Prepare to public Finish Shanghai 2nd new factory |
| 2007 | Set up Germany sub company in Stuttgart |
| 2006 | Germany PTB ATEX approval |
| 2005 | FineTek Move to new factory in Tu-Cheng Industrial Park |
| 2004 | Set up Guangzhou office, strengthened FineTek position in Southern China |
| 2004 | Achieved Ministry of Economy's Traditional Industrial Research sponsorship. |
| 2004 | Achieved Ministry of Economy's Special Technical Research sponsorship |
| 2004 | Received 8 R & D engineers from Ministry of Defence |
| 2003 | Set up of FineTek Pte Ltd in Singapore , expanded into South Eastern Asia region |
| 2002 | Received 2 R & D engineers from Ministry of Defence |
| 2001 | Achieved Ministry of Economy's Creative Research SME award |
| 2001 | Achieved Germany VDE certification |
| 2000 | Company upgraded inventory management to ERP system. |
| 2000 | Set up Beijing office, strengthen our position in China |
| 1999 | Set up Gao Hsiung office, strengthen FineTek position in Gao Hsiung |
| 1999 | Achieved ISO 9002 certification |
| 1998 | Fine Automation (Shanghai) Co., Ltd set up in Shanghai , China . Expanded into China market. |
| 1998 | Attained product certification from American Bureau of Shipping (ABS), Germanischer Lloyd (GL) and China Corporation Register of Shipping (CR). |
| 1997 | Set up Tainan branch office, expanded sales market in Southern Taiwan . |
| 1996 | Achieved ISO 9002 certification |
